# FOOTBALL

Football is one sport that is played most consistently around the world. According to FIFA's Big Count survey in 2006, there were 265 million players actively involved in football around the world, roughly about 4 percent of the world's population. It's not practised or dominated by one particular country. This means that 1 in 25 people you meet is directly involved with football, and it just keeps on increasing every single year by 2 or 3%. Being a part of this great Word, BonarTurf is committed to present the best artificial grass carpets for high performance of that lovely game.

## FUTSAL

---

Futsal is a variant of association football played between two teams of five players each on a court smaller than a football pitch. Its rules are based on the

Laws of the Game of association football, and it also shares similarities with five-a-side football. BonarTurf is the best choice for you in terms of project wise tailor made solutions.

## AMERICAN FOOTBALL

American football is played with an oblong-shaped ball that can be thrown, passed, and kicked. BonarTurf football carpets is dedicated to creating the best American football ground for you. Designed for durability and performance, our surfaces can withstand the toughest plays and fastest action. With BonarTurf, every yard gained is built on strength, safety, and reliability.

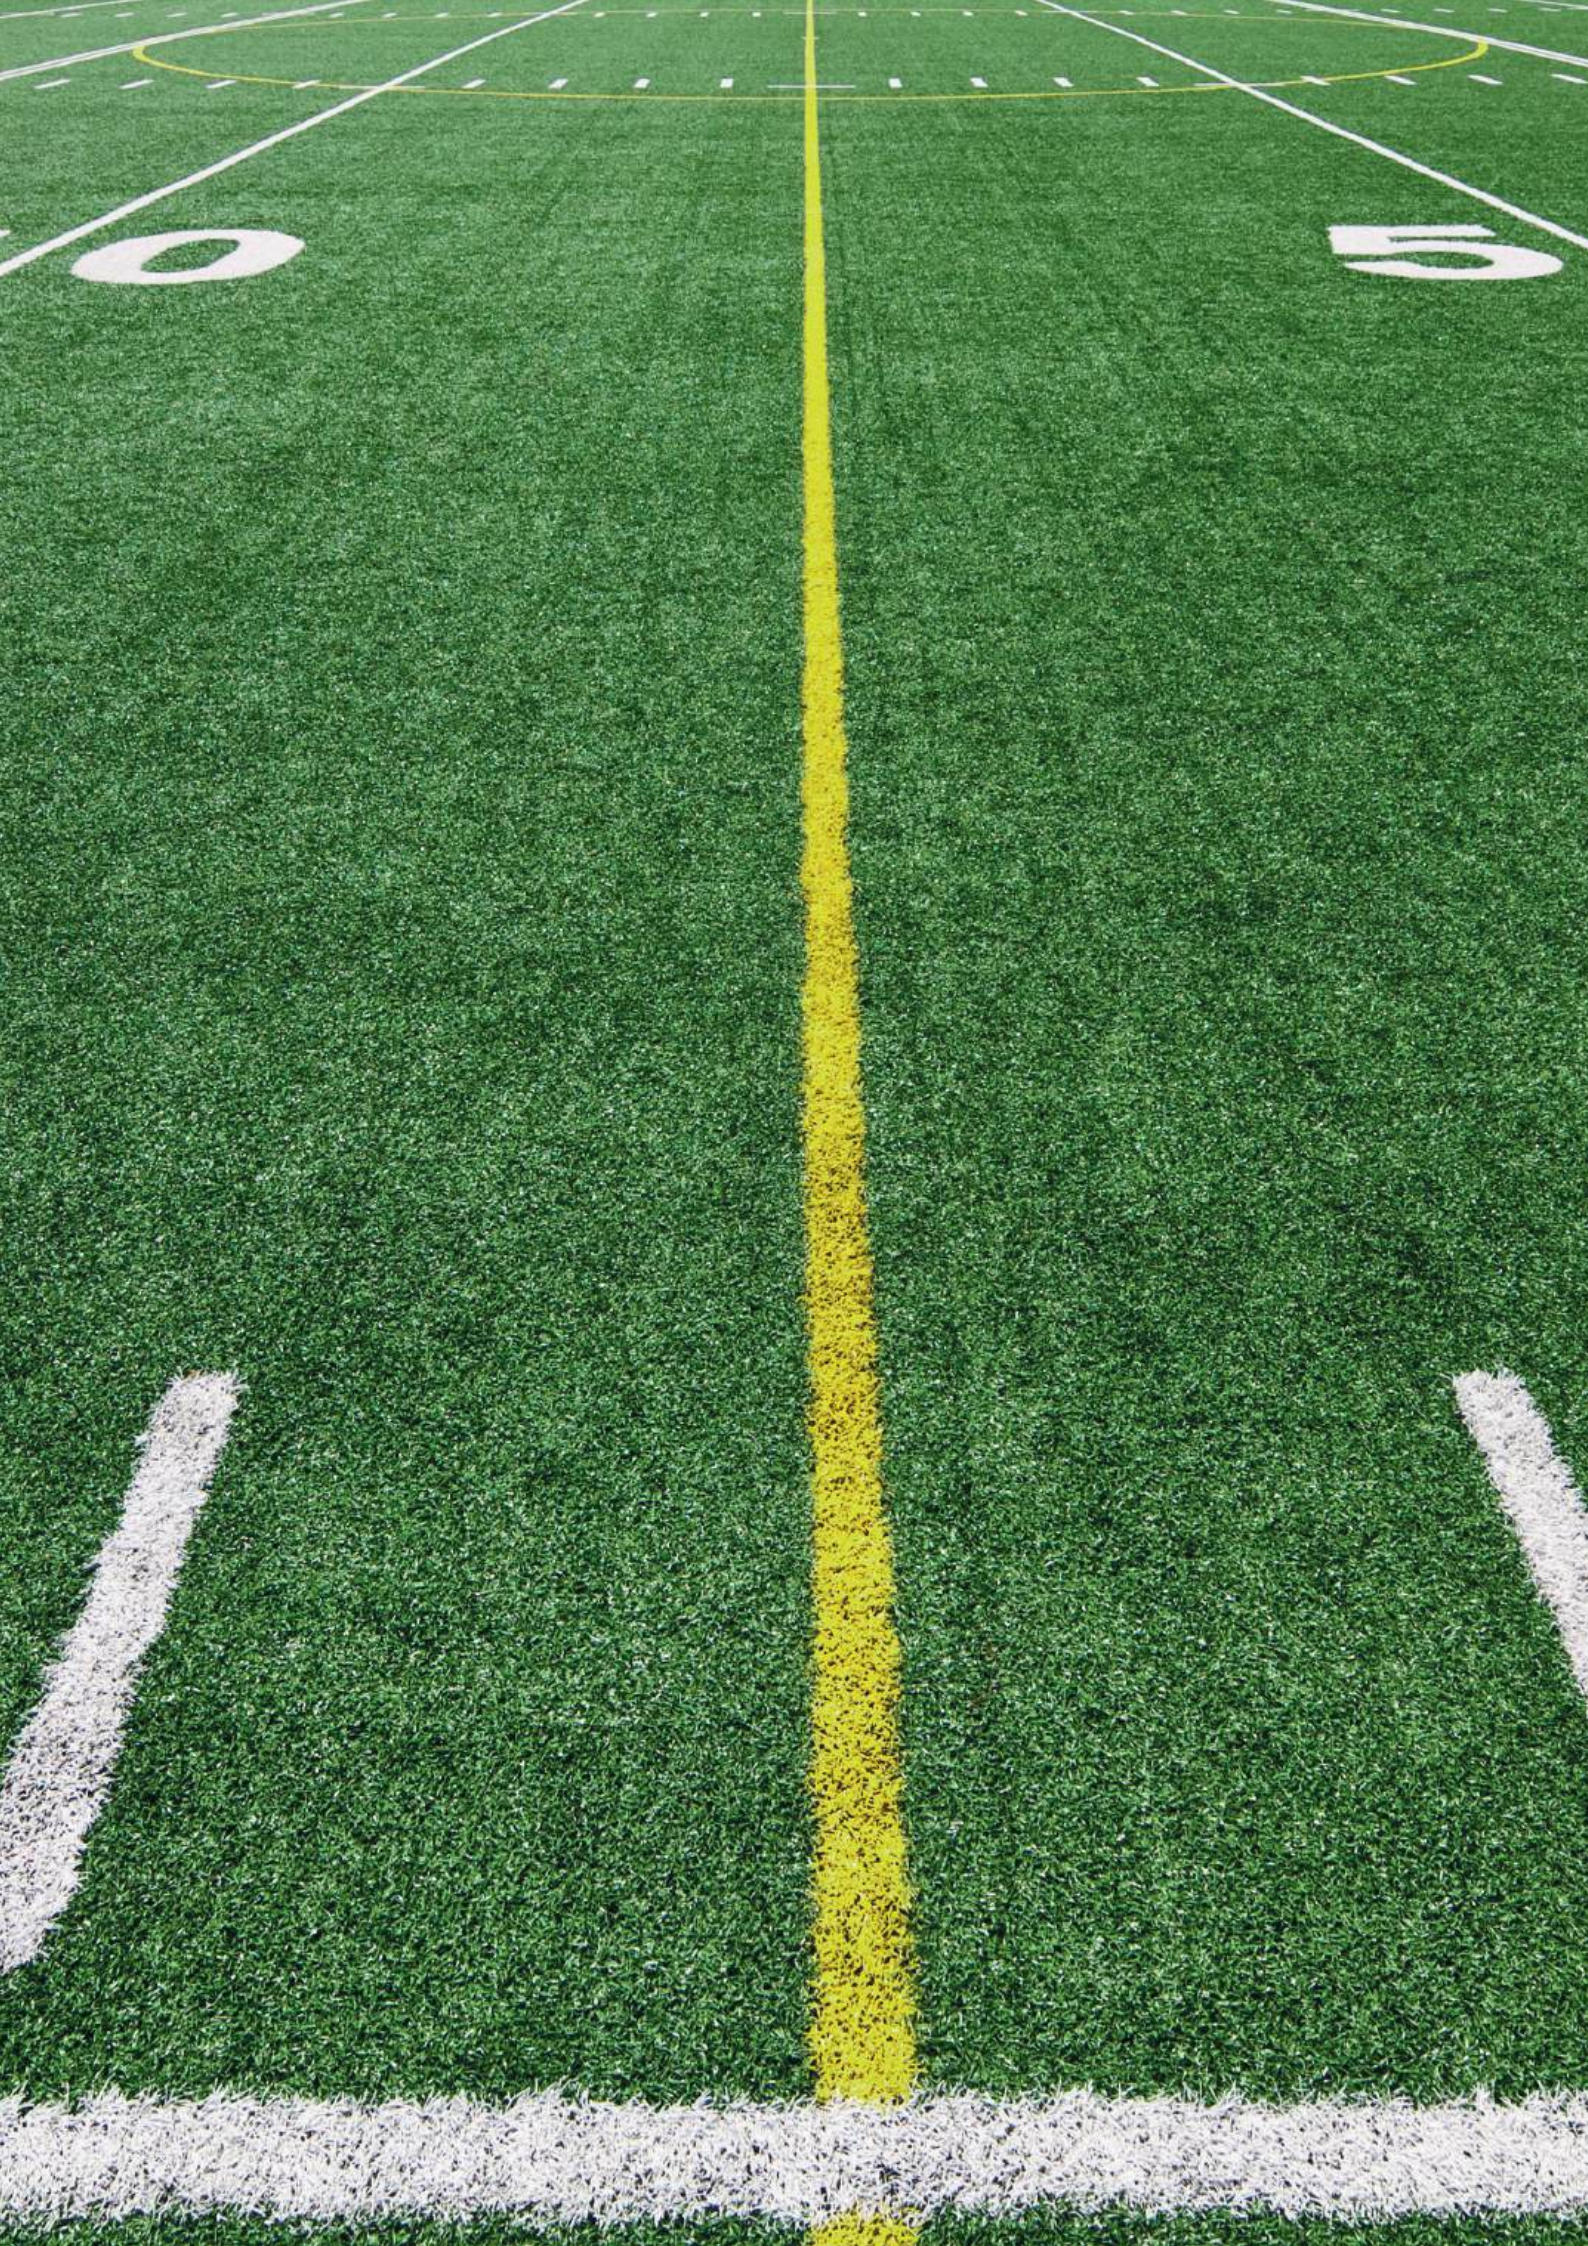

## RUGBY

Rugby is a close-contact team sport that is based on running with the ball in hand. In its most common form, a game is played between two teams of 15 players each, using an oval shaped ball on a rectangular field called a pitch. BonarTurf has the full capability to satisfy your needs to have the most ideal artificial grass rugby field.

*BonarTurf has all variations of artificial grass carpets for football starting from pile heights 40, 45, 50, 55 and 60mm with many different yarn shapes dtex rates manufactured under international quality standards offering you a high performance and durability. BonarTurf is proud to announce that we are using the best and most well known machines, equipments and raw materials.*

## LANDSCAPE

Artificial grass is becoming the most trend garden in the globe due to its visuality, comfort and long-term use without maintenance cost. Create a prity garden by incorporating BonarTurf artificial landscape grass in your existing lands. Our products will provide a contemporary, natural and modern look, making your outdoor space stand out.

BonarTurf has all variations of landscape grass starting from pile heights of 20, 25, 30, 35,40, 45 and 50mm with many different yarn shapes dtex rates manufactured under high quality standards offering a real pleasant leisure hours.

## GOLF

---

There are a lot of real benefits when it comes to using BonarTurf artificial grass for golf. Our artificial grass is long durable and easy to clean means that, you will get a surface which is easy to maintain and that will last you for many years to come. We have 15 mm grass carpets with high dtx curly yarns green or other colours, and many other model and types for golf fields.

## MULTISPORTS

BonarTurf multisport grass carpets offers an efficient budget savings by eliminating the need for separate fields for each sport. Maintains performance for long years with proper maintenance. Requires much less upkeep than natural grass; no need for regular watering or fertilizing. Allows multiple sports in one field, reducing the need for transition between different fields. BonarTurf developed different artificial grass models for every game of multisports.

12

## PADEL

BonarTurf padel grass is for recreational use in padel courts. The strength provided by the sand infill results in a low-maintenance padel surface. Our padel artificial turf remains playable long years, even under heavy rain or extreme heat. We have 12mm grass carpets with 9000dtx curly yarns blue, green or other colours, and many other model and types.

13

## TENNIS

BonarTurf artificial grass provides a more forgiving playing tennis surface that reduces stress on the knees, ankles, and lower back. Players experience reduced fatigue and a lower risk of injuries with our high quality tennis grass. We have 22mm grass carpets with 5500 dtx fibrillated yarns red, blue, green or in other colours, and many other model and types for tennis courts.

## OTHER SPORTS

Playing basketball, volleyball or handball on BonarTurf artificial grass gives you a high performance surface that offers pleasant moments during the game. BonarTurf has many different grass carpet models with a wide variation of yarns in terms of shape and dtx rates.

15

## INDOOR DECORATION

BonarTurf decorative artificial grass offers many advantages as below that give your indoor places prity surfaces:

- Natural beauty: It looks like a real grass and brings the sense of nature indoors.
- No maintenance: No need for Works rather than cleaning its surface.
- High durability: Resistant to moisture, foot traffic, and fading.
- Easy installation: Installing BonarTurf indoor grass carpets is fast and hassle-free.
- Economic solution: BonarTurf indoor grass carpets are quite economic products.

Therefore, creative designers today use BonarTurf low pile artificial grass carpets for indoor decoration.

We have a wide range of indoor carpet models made by fibrillated yarns with various pile heights from 07mm to 15mm.
